

Nexus Aerixon

hides a deadly secret in her veins. She will hide who she is and what she can do from the City no matter the cost, no matter the pain. Her survival cannot depend on the people she loves—the people who would kill her if they knew. Instead, she must make her own way—a way forged in blood, in lies ...and in **metal.**

This book, along with other titles by Teshelle Combs, is also available on the Kindle Vella platform.
